INTRODUCTION

St. Mary's C of E Primary Academy is an inclusive school where we strive to meet the individual needs of all of our children. Our staff have due regard for the Special Needs Code of Practice (2015) when carrying out their duties towards children with special educational needs and disabilities (SEND). Every teacher at our school is a teacher of SEND – as identified in the Code of Practice.

Our Interim SENDCo, Angela Smith, is responsible for co-ordinating the day-to-day SEND provision for children across school. She does this by supporting teachers to identify individual needs of children in their class and by ensuring they provide the most appropriate resources and provision that will meet their needs and support the children in reaching their full potential.

Our Deputy Head teacher, Jessica Crisp, is the person responsible for overseeing the provision for children with SEND. She is the Designated Teacher for looked-after children.

DEFINITION OF SPECIAL EDUCATIONAL NEEDS

A pupil has SEN where their learning difficulty or disability calls for special educational provision, namely provision that is different from and additional to that normally available to pupils of the same age.
SEND Code of Practice (2015)

There are four main areas of Special Educational Needs and Disabilities as identified in the SEND Code of Practice (2015).

Children must not be regarded as having SEN solely because their home language is not English.

Key Areas of SEND	Specific Needs we Support
Communication and Interaction	Autistic Spectrum Disorder (ASD) Speech, Language and Communication Needs Attention Deficit Hyperactivity Disorder (ADHD)
Cognition and Learning	Moderate Learning Needs Specific Learning Difficulties (SpLD)
Social, Emotional and Mental Health	Behavioural Needs Emotional and Mental Wellbeing Social Needs Attachment Disorders Trauma
Sensory and/or Physical	Hearing Impairment Visual Impairment Multi-sensory Impairment Physical Disabilities

If our SENDCo does not have this award on the day they are appointed then our Governing Body must ensure it is achieved within 3 years of their appointment.

- ❖ Publish a SEN Information report on our websites about the implementation of the governing body's policy for pupils with SEN. The information published should be updated annually and any changes to the information occurring during the year should be updated as soon as possible.
- ❖ Publish information about the arrangements for the admission of disabled children, the steps taken to prevent disabled children being treated less favourably than others, the facilities provided to assist access of disabled children, and their accessibility plans.

In line with the Send Code of Practice 2015, we have a SEND Link Governor, who supports the Governing Body to:

Parents/Carers

Partnership with parents/carers plays a key role in enabling children and young people with SEND to achieve their potential. Parents/Carers hold key information and have knowledge and experience to contribute to the shared view of a child's needs. All parents/carers of children with special educational needs will be treated as partners and given support to play an active and valued role in their child's education.

Children and young people with special educational needs often have a unique knowledge of their own needs and their views about what sort of help they would like. They will be encouraged to contribute to the assessment of their needs, the review and transition process. We encourage parents/carers to make an active contribution to their child's education and we have regular discussions/meetings each term to share the progress.

We inform the parents/carers of any outside intervention, and share the process of decision-making by providing clear information relating to the education of their child.

Parents/carers have responsibility for:

- ❖ Ensuring their children attend school regularly and punctually
- ❖ Informing the school of any problems or concerns
- ❖ Supporting school policies
- ❖ Helping their child at home with any specific tasks in consultation with the class teacher or the SEND team
- ❖ Attending review meetings and/or parent/carer/teacher consultation meetings
- ❖ Attending other meetings as required in relation to their child's Special Educational Need

IDENTIFICATION, ASSESSMENT & RECORD KEEPING

At St. Mary's C of Primary Academy, we use definitions from the SEND Code of Practice 2015 and Children and Families Act 2014 and ongoing classroom based assessments of progress to identify children who may have a special educational need.

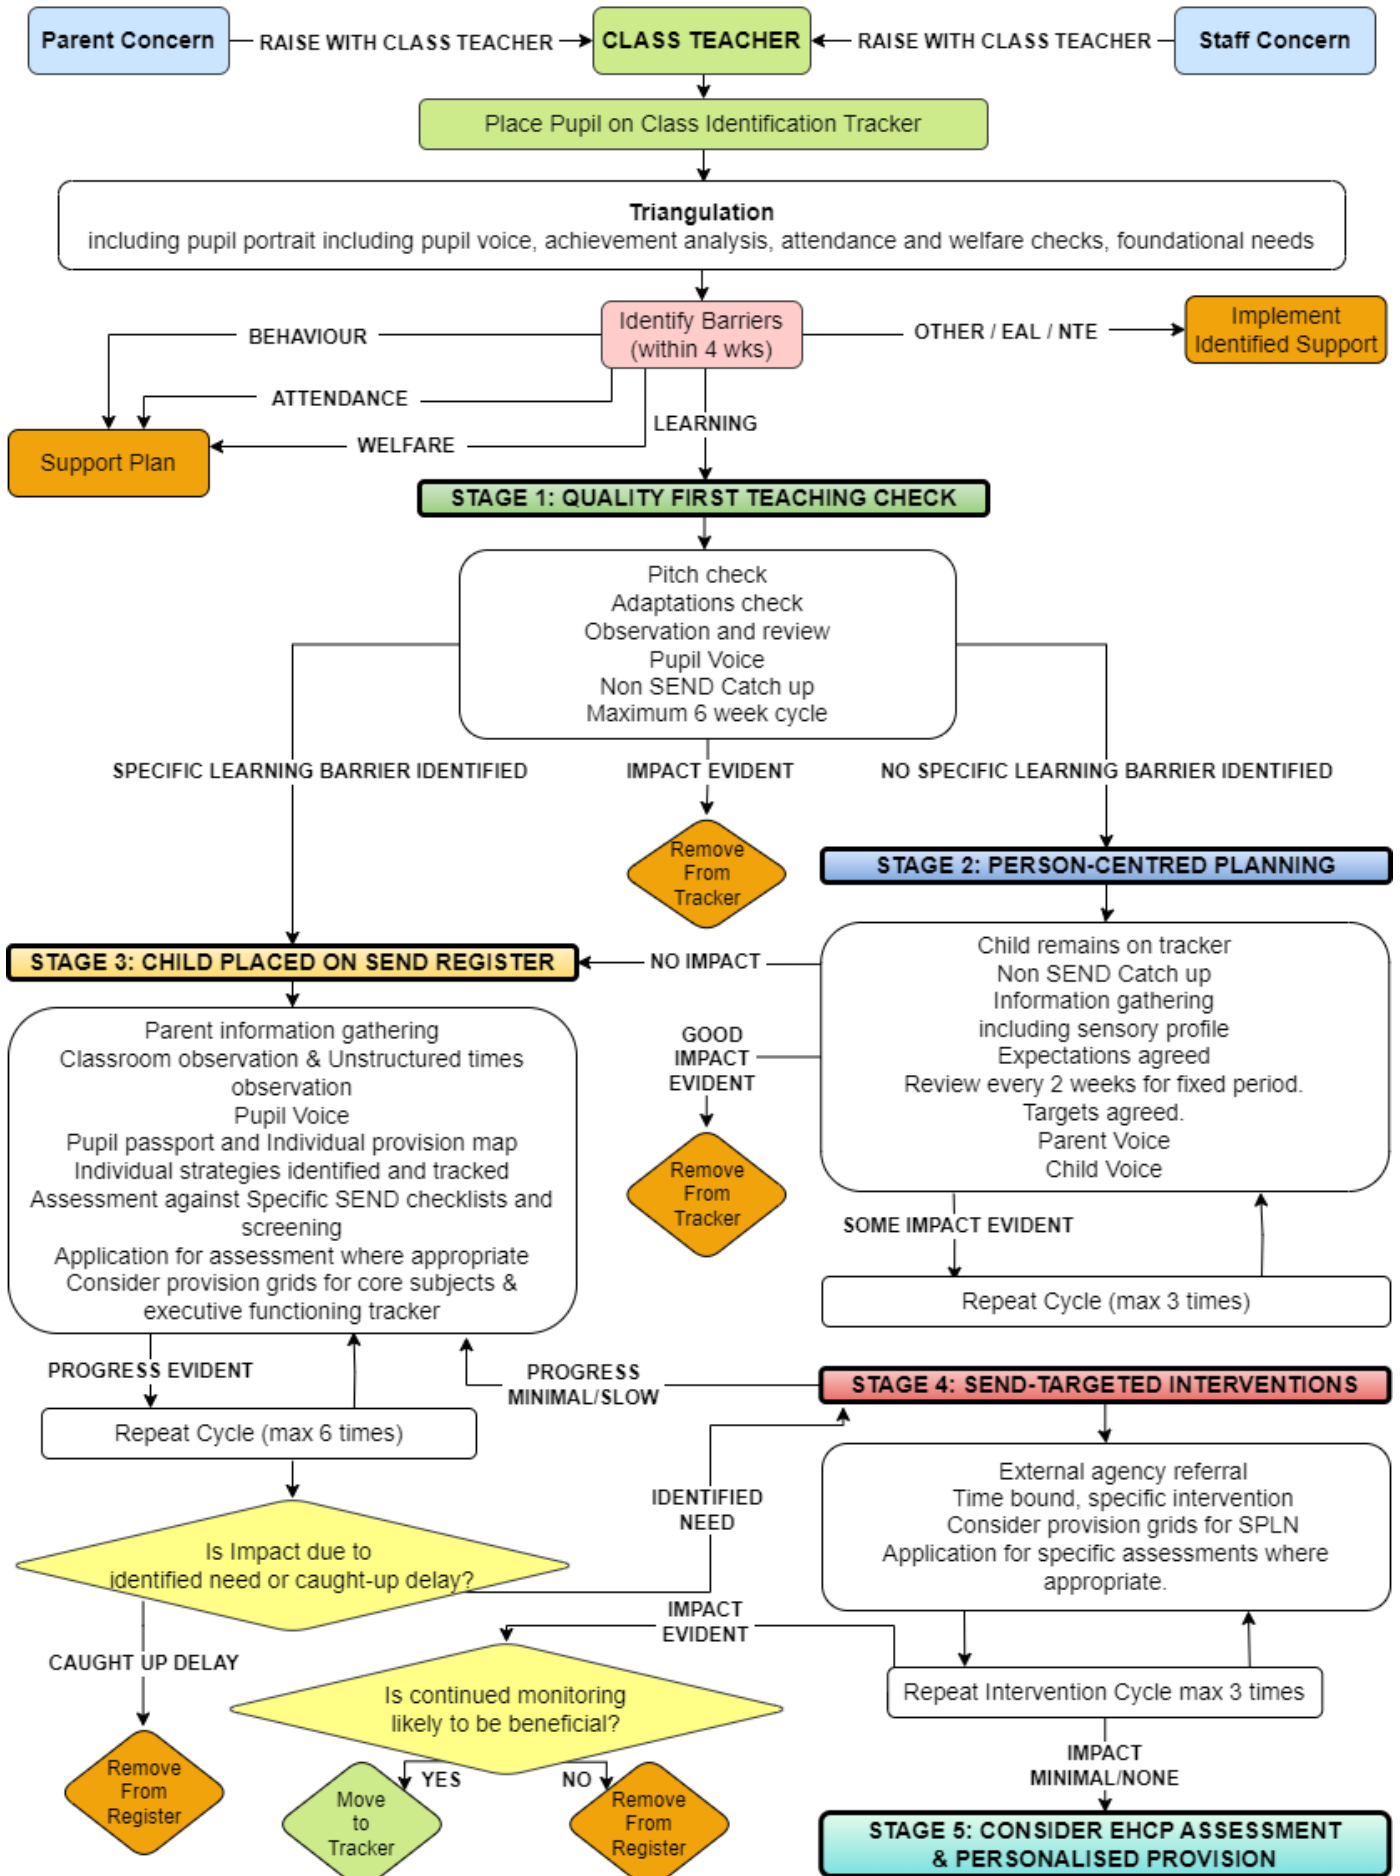

Parents/Carers of children we have identified will be invited to meet with the class teacher and SENDCo to discuss assessments and observations and the child will be added to the SEND Register.

We assess each child's levels of attainment on entry to school to provide starting points for the development of an appropriate curriculum and to identify any learning difficulties. The identification and

assessment of the special educational needs of children whose first language is not English requires particular care. Where there is uncertainty about a particular child, a teacher will look carefully at all aspects of the child's performance in different subjects to establish whether the problems are due to limitations in their command of English or arises from special educational needs.

Where there is a concern regarding a child's potential SEND need, we follow the identification and management process shown on the flowchart overleaf.

St Mary's CE Primary School SEND Identification Flowchart

Each child on the SEND Register will have an Individual Provision Map. This will be written by the class teacher and shared with parents/carers. All children on the SEND Register will also have a Chronology Document to record key actions taken and an Attainment and Progress Record to monitor progress.

GRADUATED APPROACH

St Mary's C of E Primary Academy will, once a potential SEND has been identified, employ the graduated approach to meet the pupil's needs. This will help us to ensure that effective provision is put in place to remove barriers to learning and to accelerate progress. The Graduated Approach is an ongoing cycle that enables the provision to be refined and revised as the understanding of the child's needs grows. The Graduated Approach is underpinned by Quality First Teaching within the classroom. It consists of a four-part process:

Assess - Establishing a clear assessment of the pupil's needs using appropriate assessment materials. Pupil views are considered alongside those of parents/carers and outside agencies.

Plan - Support to be put in place will be planned by the class teacher, SENDCo and parents/carers and documented on an Individual Provision Map (IPM). The expected impact on progress, development and behaviour will be discussed, along with a clear date for review.

Do - The class teacher will manage the day-to-day support for the child and any interventions that are to be used. They will work closely with support staff to ensure provision is implemented effectively and consistently.

Review - Reviews of a child's progress will be made regularly (See Graduated Approach Appendix 1) The review process will evaluate the impact and quality of the support and interventions. It will take into account the views of the child and their parents/carers.

CURRICULUM PROVISION

All curriculum provision is guided by the governing principles of the St. Mary's C. of E. Primary Academy Learning and Teaching Policy.

Waves of Teaching Provision

Universal Provision is defined as the regular, high quality and clearly differentiated curriculum that is delivered to every child (Wave 1).

Targeted Provision is the provision given to targeted groups through bespoke interventions such as phonic catch ups, pre-teaching or evidence based interventions (Wave 2).

Specialist Provision is individually targeted provision for example Speech and Language Therapy plans (Wave 3).

We have a number of spaces which have been planned to serve the needs of small groups of children requiring additional support. They have access to the full curriculum as well as intense PSHE support.

WORK WITH EXTERNAL AGENCIES

St Mary's C of E Primary Academy seeks advice and support from outside agencies in the identification and assessment of, and provision for, children with SEND. We have links with many outside agencies including:

- ❖ Educational Psychology Service
- ❖ SENIT – Special Educational Needs and Inclusion Team
- ❖ Behaviour Support Service (AIP)

- ❖ Occupational Therapist
- ❖ Children's Social Work Services (CSWS)
- ❖ Child and Adolescent Mental Health Service (CAMHS)
- ❖ Secondary Schools
- ❖ JESS Cluster
- ❖ Family support workers

The Deputy Headteacher is the Designated Safeguarding Leader and is also a trained leader of Early Help Plans. They lead on liaising with CSWS and AIP Services.

The SENDCo is responsible for liaising with other services where parents give consent.

EDUCATION, HEALTH & CARE PLANS (EHCP)

Where a child is in receipt of an EHCP, the provision in Section F of the EHCP must be provided. Our teachers remain responsible for the child's progress. Termly reviews and the graduated approach will remain in place. In addition, there will be an 'Annual Review' held each year, before the date of the anniversary of the plan being issued. The SENDCo or member of our senior leadership team will chair the meeting and complete the required paperwork. Further details about this process and who is invited can be discussed with our SENDCo.

CONFIDENTIALITY

Staff may have access to personal data about pupils and their families which must be kept confidential at all times and only shared when legally permissible to do so and in the interest of the child. Records should only be shared with those who have a legitimate professional need to see them.

Staff should never use confidential or personal information about a child or their family for their own, or others advantage (including that of partners, friends, relatives or other organisations). Information must never be used to intimidate, humiliate, or embarrass the child.

Confidential information should never be used casually in conversation or shared with any person other than on a need-to-know basis. In circumstances where the child's identity does not need to be disclosed the information should be used anonymously.

There are some circumstances in which a member of staff may be expected to share information about a child, for example when abuse is alleged or suspected. In such cases, individuals have a responsibility to pass information on without delay, but only to those with designated safeguarding responsibilities or to statutory services. If a child, or their parent/carer makes a disclosure regarding abuse or neglect, the member of staff should follow our school safeguarding procedures.

FUNDING

Funding for children with SEND is carried out in accordance with the Local Authority Funding for Inclusion Team.

Time is allocated for:

- ❖ Planning, assessment and review
- ❖ Differentiation and classroom management
- ❖ Direct teaching and Teaching Assistant Support
- ❖ Resourcing, materials and training for staff

TRANSITION

Staff at St Mary's C of E Primary Academy liaise carefully with Secondary Schools to ensure a smooth transition for year 6 children. The SENDCo and class teachers forward all relevant documentation and records relating to SEND to the appropriate Secondary Schools.

COMPLAINTS

The complaints procedure for issues relating to special educational needs mirrors the school's complaints procedures. Should a parent / carer have a concern about the provision made for their child they should discuss this with the class teacher in the first instance. If the matter is not resolved satisfactorily parents / carers should discuss the problem with the SENDCO or Deputy Headteacher. More serious on-going concerns should be presented in writing to the SEND Governor or the Chair of the Governors.
